Members of C. of C. Discuss Matters of General Interest

A. T. Cowan and Others Relate History of Attempts for Improved Postal Facilities

Members of the Chamber of Commerce to the number of 100, gathered about the prettily appointed dinner tables in the high school cafeteria last evening for the first evening forum, a feature which the chamber plans to make a monthly affair, in order to retain the interest and cooperation of members who are unable to attend the noon luncheons.

At the close of the three-course dinner, C. C. Cooper, president of the chamber, called the meeting to order and introduced W. E. Evans, who had the evening's program in charge. Mr. Evans announced that there had been a disappointment in the securing of a speaker for the evening, but that there would be no dearth of good speakers from the audience to discuss some of the important issues now confronting Glendale.

Mr. Evans complimented C. C. Cooper, president of the chamber, on the efficient organization and great volume of work accomplished by the chamber since its organization only a month ago. In the absence of the chairman of the postoffice committee, Dr. C. R. Harrower, A. T. Cowan, member of the committee was called on to give a history of the postoffice situation in Glendale. Mr. Cowan reviewed the situation from the incipiency of the movement for an independent postoffice, eight years ago. What Glendale wants is good service. If this can be had from a branch office, there is no objection to such an office, but it seems impossible to get good service as long as we are a branch office. It seems to be the tendency of the Los Angeles postoffice to make a good showing for the main office at the expense of the branch offices. The speaker laid no blame for present conditions on the superintendent of the Glendale branch, who has no authority, who can only take up perplexities and problems with the postmaster at Los Angeles. The postmaster of an independent office could take up matters with headquarters, and get action.

Mr. Evans said we would never get better service unless we had an independent office or had someone in charge here whom we could hold responsible. He read a letter he had just received from Congressman Lineberger recommending that Glendale send in a petition containing signatures of 500 or 1000 of the leading citizens of Glendale, on forms enclosed in the letter. Mr. Lineberger said that an inspector would probably be sent out and advised that we be prepared to answer his questions.

Those who took part in the discussion, including Mrs. E. W. W Hayward, Fred Deal, Mr. Brownberg, Mrs. M. L. Tight, C. D. Lusby, L. T. Rowley, Jesse Joseph, J. G. Huntley and others, were emphatically of the opinion that this petition should be circulated. Freeman Kelley, was the only member present who was opposed to the independent postoffice; Mr. Kelley holds that the appropriation for a town of this size would be insufficient to pay the salary of a postmaster and give us as many carriers as we need; he also thinks parcel post rates would be higher. Others present stated that small villages of 1000 to 1500 in the east and middle west have independent postoffices with more deliveries in the business section than we have, as many in the residence section and better rural delivery.

J. G. Huntley, member of the committee on looking into the matter of a permanent home for the Chamber of Commerce, made a report which evoked much interesting discussion; it was decided that the plan was not yet sufficiently developed by the committee for the membership to take any action on it. Among those who took part in the discussion were Messrs. C. E. Kimlin, Slater, E. U. Emery, C. L. Chandler, Griffin and E. D. Yard.

SOCIAL TEA AT WEST GLENDALE CHURCH

The social tea given Thursday afternoon at the West Glendale Methodist Church under the auspices of the Ladies' Aid society, was a great success in all respects and was largely attended. The room was beautifully decorated with flowers for the occasion, a fine musical program was given, and dainty refreshments were served.

DOMESTIC HELP WANTED

The young women in charge of the municipal employment bureau at the city hall report a number of applications for domestic help and no takers. Most of the applicants for work have been in the clerical line.

GRAND BALL OF ELKS ON SATURDAY

The grand ball of the Elks, to raise funds for entertainment during the Elks Grand Lodge Reunion in Los Angeles, July 11 to 17, will be held tomorrow (Saturday) evening, on the stage of the Brunton Studios, 5341 Melrose avenue.

"Everybody in Los Angeles should buy a ticket for Saturday night's ball," was the declaration made today by Motley H. Flint, vice president of the Los Angeles Trust and Savings bank, who is the chairman of the 1921 Grand Lodge Reunion of the Elks.

"The proceeds from the tickets, which only cost a dollar each, will go to the entertainment fund for the greatest convention in the world, to be held in Los Angeles next July," Mr. Flint continued. "It means much to Los Angeles. The convention will cause hundreds of thousands of dollars to be spent here, and every cent placed in the entertainment fund will many times over return to the patrons, no matter what their business lines may be.

"The grand ball, I believe, will be the largest ever given in Southern California. It will be held on the largest motion picture stage in the world, and will be held for the greatest convention in the world. It is something to work for and to attend."

The reception committee for the ball will be under the chairmanship of Sylvester Weaver, while the ball will be in charge of Watt L. Moreland, chairman of the ball committee; Frank P. Shanley, floor chairman, and Committeemen William E. Coe, Jess Wood and Ernie Jaeger.

ZONING ORDINANCE MAY BE AMENDED

As Redrafted by City Attorney it Will Probably Be Taken Up Next Week

The zoning ordinance submitted by the zoning committee which was referred to City Attorney Shaw for drafting in simplified form, will probably have the attention of the board of city trustees at its next meeting. A few protests have been filed. One objection raised by C. H. Thompson and others, was the restriction imposed on the development of Brand boulevard for business purposes north of California. Mr. Thompson has declared that the rapid growth of the city demands the opening of Brand through its entire length to business uses. In his communication he said:

"The best zoning committee in existence is the natural law of business expansion, of supply and demand. Whenever the demand for more business space in any block on Brand or Broadway has raised the value of the frontage beyond the price people will pay for residence purposes, the correct zoning is accomplished automatically for then it becomes business property with values often increasing by leaps and bounds."

In connection with the zoning ordinance a petition was filed by a considerable number of residents in the neighborhood of Colorado and Adams streets, asking that the ordinance provide for use for business purposes the lands lying within 200 feet east, west, north or south, of the intersection of Colorado and Adams.

ADVENTURE STORY AT PALACE GRAND

In "Isobel," or "The Trail's End," the great adventure story at the Palace Grand today, House Peters is cast in the role of Sergeant William McVeigh of the mounted police. House Peters, who is one of the best known screen players before the public eye, never offered a character portrayal which is more effective than his work in this production. He has appeared in many important and successful productions, but believes his best work is found in "Isobel." The same is true of charming Janes Novak. Her natural talent, together with her beauty and grace of manner, make her portrayal of the title role one of the things to be remembered in the reviewing of the photoplay productions.

Larry Semon in his latest comedy, "The Sportsman," the usual features, and a good orchestra program, complete this excellent bill.

Buster Keaton in his greatest comedy, "The Haunted House," and "The Misleading Lady," featuring Bert Lytell, are tomorrow's offerings at the Palace Grand.

DEBS RETURNS TO CELL

WASHINGTON, March 25.—Eugene V. Debs is returning today to his cell at the federal prison at Atlanta after his brief taste of freedom—the first he had enjoyed since his conviction under the federal espionage act three years ago.

While Attorney General Daugherty was cautious today against giving any indication of the noted prisoner's unprecedented trip to Washington, alone and unguarded, it can be said authoritatively that Debs has immeasurably increased his chances for executive clemency by his two-hour talk with Attorney General Daugherty.

MISS MAURINE BAKER GIVES ROOK PARTY

Miss Maurine Baker, of 331 North Maryland avenue, entertained last evening with a progressive rook party.

Sweet scented lilacs, daffodils and ferns were used to decorate, the Easter motif of lavender and yellow being further carried out by tiny yellow chicks. The same attractive motif was carried out on the score cards and also in the refreshments of brick ice cream, lavender iced cakes, and bonbons and mints in yellow flower baskets fastened with fluffy lavender tulle.

Miss Baker is a teacher in Los Angeles and is now having her spring vacation. Most of the invited guests were Los Angeles friends. Those who enjoyed Miss Baker's nospitality were Misses Wilhelmina Gibbons, Ethel Worthington, Jane Bruce, Agnes Sparklin, Ruth Anson, Lela May Heil, Marion Clark, Phyllis Baker; Messrs. Bruce Brown, Harold Gleason, George Lord, Walter Knippe, Joseph Maier and Donald Jones.

WEST WILSON IS BEAUTIFUL STREET

Praise should be given to I. Cline, contractor and builder, for the beautiful transformation of West Wilson into a solid row of up-to-date picturesque bungalows from what was a veritable vegetable garden a year ago. In his advertisement in this issue Mr. Cline calls attention to those seeking homes, not to overlook that section. Mr. Cline lives at 436 West Wilson avenue; phone 2153-J.

GUY STILLMAN HAS BECOME THE CENTRAL FIGURE

Impression Now That Neither Stillman Nor Wife Will Obtain a Decree

NEW YORK, March 25.—Little 28-month-old Guy Stillman has become today the central figure in the divorce fight between James A. Stillman, the multimillionaire president of the National City bank and his wife and about this carefree boy rages a struggle upon which hinges a fortune of vast millions.

The fact that the fight is now centering upon this little boy, whose paternity has been repudiated by the banker, is emphasized by developments which are now breeding.

It is believed the impression is growing that neither Stillman nor his wife will win a decree of divorce in the present legal battle and that the fight is now working down to an attempt upon the part of Mrs. "Fifi" Stillman to prove the legitimacy of her child and effort on the part of the husband to prove that Fred Beauvais, the Canadian Indian co-respondent is the father of the child, thus depriving him of a share in the Stillman millions.

John E. Mack, guardian ad litem for Guy Stillman, was expected to appear at a special session of the supreme court at Yonkers, N. Y., before Justice Morschauser, who heard the Stillman alimony arguments at White Plains on Wednesday. It was believed John F. Brennan, chief counsel for Mrs. Stillman would also attend the special session of court.

The fact that Mr. Mack was to appear made it evident that any new steps in the case affected little Guy Stillman, the innocent storm center of this turbulent legal conflict.

Baby Guy is with his mother at Lakewood, N. J., entirely unconscious of the tumult and charges and counter-charges in this sensational family row.

He is more interested in his toys and approaching spring which will enable him to romp outdoors, than anything else.

Banker Stillman is said to be determined that the child, Guy (who was born in November, 1918), shall inherit none of the millions left by the elder James Stillman. The banker is said by his friends to be determined to leave nothing undone and to fight to the last legal ditch to win his ends.

But the banker will have opponents worthy of his steel. Mrs. Stillman is fully as determined to protect her name and the birthright of her child. Alongside of her protestations of innocence are the denials of Fred Beauvais, the half-breed Indian guide, that anything wrong had occurred between him and Mrs. Stillman.

Beauvais is still living near Montreal, but a correspondent of a New York newspaper in his dispatches today quoted Beauvais as saying that he would be in New York next week. Beauvais completely repudiated an alleged interview that was circulated by a news agency last week attributing to him the statement that he would not come to New York. Beauvais said that he would probably make his first public statement after his return to Canada from New York. Mrs. Stillman, who was in New York on Thursday to confer with her counsel, has returned to Lakewood.

MRS. MERRILL GIVES DINNER FOR SOLDIER

Mrs. H. M. Merrill of 340 North Cedar street, entertained with a dinner Friday evening in honor of Cecil Disher, a soldier from Australia, who has been here nine months and is just returning to his own country. His sister, Ruby Wadsworth, is a close friend of the hostess. Covers were laid for Mr. and Mrs. Paul Springer of Los Angeles; Walter Gurnee and daughter, Miss La Verne Gurnee, Miss Wadsworth, Mr. Disher and the hostess. California poppies were used in the decoration of the pretty table for this farewell feast.

Following the function the party took autos and accompanied Mr. and Mrs. Springer to their home. Mr. Disher is leaving today for San Francisco and will embark for southern seas Saturday.

Mrs. Merrill is entertaining the coming week Mr. and Mrs. Sidney Robertson and two children, from Las Vegas. Mrs. Robertson is a sister of Walter Gurnee.

GRACE ANNA JACKSON IS CRITICALLY ILL

The daughter of Captain and Mrs. D. Ripley Jackson of 1800 South Brand boulevard, Grace Anna Jackson, who has been critically ill at her home with complications which followed an attack of measles, has been taken to a Los Angeles hospital, where a well-known ear specialist performed a second mastoid operation last evening. The physician, in his report to the family this morning, states that her condition, though grave, is very much improved.

An Illinois man recently lost a fine Holstein heifer and offered as a reward for its return one good drink of whiskey. The next day 12 heifers were brought in.—Colorado paper.

Board Dispatches Business at Hurry Up Session

FARMERS ON STANLEY AVENUE PROTEST OPENING AND MAPLE AVENUE RESIDENTS OBJECT TO REPAVING—OTHER BUSINESS

That they might be able to accept the invitation of Manager Howe of the Glendale Theater to witness the presentation of "The Wonderful Chance," a screen drama written by H. H Van Loan, a resident of Glendale, members of the board of trustees assembled at the city hall at 7 o'clock for a meeting of the committee of the whole, and the open meeting was called to order at 7:30. There was a short calendar and by 8:30 all necessary business had been dispatched.

Parkway Tree Removals

The communications included one from S. Berman asking for the removal of seven trees in a parkway which darken the street at night and obstruct the view of Brand boulevard. Referred to the city manager for report at next meeting.

C. W. Ingledue asked permission to remove a small building from 119 East Broadway to lot 16 in the Knott tract. Referred to city manager for investigation and report.

Hollister Gets Report

The building inspector submitted a favorable report on the application of V. M. Hollister for a permit to install grinding and mixing machinery in a building he proposes to build on Brand near Wilson avenue and the board voted to grant the permit, Messrs. Fink and Crofton having withdrawn their objections.

Ford Auto Bid Wins

The bid of Jesse E. Smith to furnish model T Ford roadster for the use of the water department was accepted; also the bid of the Los Angeles agents for an Indian motorcycle for use of the police department.

Wooden Approaches Taboo

In accordance with the city manager's recommendation, the city attorney was instructed to draft an ordinance prohibiting the use of wooden approaches to driveways.

Wants New Garbage Contract

Following a communication from L. C. Orndorff who has the contract for garbage disposal in which he explained that the growth of Glendale had made it impossible for him to cover the work under the present contract and equipment, and asking for the cancellation of the contract and opportunity to make a new one, in accordance with the recommendations of the city manager and President Stephenson, the city clerk was instructed to advertise for new bids on garbage disposal.

Expert's Approval of Bonds

As a preliminary to placing on the market the bonds for the $50,000 issue for sewer construction in municipal district No. 3, the board voted to refer the proceedings to John C. Thompson of New York, bond expert, who has usually passed upon the city's issues.

Stanley Avenue Protests

Three written protests were presented against the opening of Stanley avenue, and the board was also addressed by Mrs. Framm, Mr. Hoover and Mr. Campbell, who stated they were using their holdings for chicken ranches and orchards, that they did not desire the street and would find the opening a serious loss and expense. City Engineer Hill stated that the frontage represented by the petitioners for the opening was 2032 feet. The frontage represented by the protestants was but 680 feet. The board therefore denied the protests.

Garfield Avenue Improvement

A petition was presented from property owners on Garfield avenue between Glendale avenue and Brand boulevard for the improvement of their street with five-inch macadam and the laying of water mains, to be paid for in accordance with whatever policy may be adopted by the city. Referred to the city manager for checking and report.

Dutcher Tract to Be Served

City Attorney Shaw read correspondence between City Manager Watson and Mr. Dutcher dated in 1919 and 1916, showing agreement between Mr. Dutcher and the city, relative to furnishing light and water to the residents of his tract, and Attorney Shaw confirmed same by his own recollections of the negotiations. The board then voted to instruct the public service department to extend light and water service to the Dutcher Tract No. 3131, in accordance with the original agreement.

The ordinance providing for the issuance of bonds in the sum of $50,000 for municipal district No. 3 (Verdugo Woodlands) went over for one week.

The ordinance for the opening and widening of Stanley avenue was offered by Trustee Henry.

Maple Avenue Protests

Mr. Haycock addressed the board, protesting against the repaving of about 600 feet of Maple avenue and assessing same against the frontage at a cost to himself of $600. He said it was his understanding that only the unimproved part of Maple avenue was to be paved; that the original pavement was in good condition and not such as to justify repavement, and that the replacement was of the same character. Some of the board members stated it had been their impression when the work was ordered, that only the unimproved portions of Maple avenue were to be paved and the matter was referred to the committee of the whole for consideration at its next session.

MORE INTERESTING THAN MOVIE SHOW

Incidents, Grave and Gay, in Judge Lowe's Court When Transgressors Plead

More interesting than many a movie show were the proceedings in Judge F. H. Lowe's court this forenoon when several offenders against the traffic laws appeared to explain the "why-for" of their actions. Fines of $2 for open mufflers alternated with the demanding of $10 for speeding. A girl of 16 who did not know that San Fernando road changed its status as a county highway when it entered the city limits, was kindly admonished to look up the traffic laws and refrain from a speed of 36 miles an hour even on a county highway. Mr. Hart of Tujunga acknowledged traveling along Verdugo road at something less than 50 miles an hour, but said his wife was in a Los Angeles hospital and word had just come to him of the birth of a girl baby, the first child. He said he had driven a car for seven years but that this was the first time he had violated a traffic law and did not think he would do it again. After inquiring kindly about the condition of mother and child, Judge Lowe said: "Mr. Hart, the usual fine in a case like this is $10 but I am going to forgive you this time in order that you may buy a fine pair of bootees or some such article for that baby." Mr. Hart thanked the judge and departed.

The offenders ranged in age from 16 to 60 and comprised both sexes.

"And the cares that infest the day, will oil their gats like the hold-up men and as silently steal away."

SCHOOL CHILDREN'S MATINEE AT 2:30

Martha Mansfield, heralded as America's prettiest magazine cover girl, has been permanently captured for the screen by Myron Selznick, who has placed her under a long-term contract to appear exclusively in Selznick pictures.

Miss Mansfield's first appearance under her new contract is as leading lady for Eugene O'Brien in his new production, "The Wonderful Chance," which will be shown at the Glendale theater for the last time today.

Recently she was leading lady with Lionel Barrymore in "Dr. Jekyll and Mr. Hyde," and now her Selznick contract calls for her exclusive services.

Tomorrow's bill at the Glendale features a specially arranged school-children's matinee at 2:30. The fast-moving western picture, "The Trigger Trail," and the evening program brings Harry Carey in "If Only Jim." It's Harry Carey at his best.

ANOTHER WAY TO PUT TUGUNGA ON THE MAP

Plans are afoot to get a map of Tujunga made suitable for use on stationery, cards and programs. This is a good way in which to advertise a town or localitty and was used with effect years ago when Tujunga was Littlelands.

Buchanan was the only bachelor President of the United States.

GLENDALE HONORS LOCAL PLAYWRIGHT

H. H. Van Loan Is Given an Ovation at the Glendale Theater

H. H. Van Loan of this city, successful movie playwright, received quite an ovation Thursday night when he greeted the large audience which had assembled at the Glendale theater to witness the presentation of his play, "The Wonderful Chance," in which Eugene O'Brien is starred. Mr. Howe made a felicitous speech of introduction in which he referred to the fact that the city council had arranged for a short session and dispatched its business with all possible rapidity in order to pay honor to a talented townsman and see his play, and a like tribute had been paid by members of the chamber of commerce who had met for a Forum dinner. After Mr. Van Loan had spoken Mr. Howe again addressed the audience telling it that Mr. Van Loan's stories were mostly pipe dreams. He then presented the author with a pipe, expressing the hope that it would always bring pictures as successful as the one which had just been shown on the screen.

The plot of "The Wonderful Chance" involves the struggles of a young man of the underworld to live down his past and go straight. He discovers a double in the person of Lord Birmingham, who in this case did not undo him. Instead the two men were the means of helping each other out of tight places and the story ends with a promise that the hero and the heroine (daughter of a wealthy magnate) will be united when he has made good.

Mr. Van Loan told some very interesting things about the making of stories for the screen. He showed how different it is from the stage drama in that the story must be told by constant action with the least possible titles and explanations.

LEE S. THOMAS WILL GIVE OUT HIS BOOKLET

The interesting pamphlet entitled, "Mind, Life and Power the Three Synonyms," written by Lee S. Thomas of this city, and setting forth his philosophy of life, has been printed in numbers sufficient to enable Mr. Thomas to give them out to his friends, which he is now doing. Those desiring copies may secure them by calling at his real estate office on North Brand boulevard. The typography of the pamphlet is attractive and its message makes a strong appeal.

EASTERN STAR AND MASONIC ORDERS

Greatest Meeting of Year, One of National Importance, in Los Angeles

On Saturday night, in Masonic Temple, Los Angeles, will occur a meeting of state-wide, even national importance in Eastern Star and Masonic circles. It is expected that 200 or more Glendale members of these two kindred orders will be in attendance. The entire state of California will be represented by delegates and all the large cities of the east and middle west will have representatives present. A Glendale man, B. F. Bourne, will have the distinguished honor, as president of the Patrons' Association of Eastern Star, of presiding over this great meeting and delivering the address of welcome. There will also be a number of guests present who are not members of Masonic or Eastern Star orders.

FINE PROGRAM FOR NEXT THURSDAY

Without doubt, the most notable entertainment yet given in the Verdugo hills country, will be the program scheduled for Bolton Hall, Tujunga, on the evenin gof the 31st of the present month—Thursday of next week.

On that night, no less a person than Frederick Warde, the greatest of living Shakespearian actors, supported by a company of players from the Mission Play, will present one act of the great play of "Richelieu," by Sir Bulwer Lytton. Mrs. Tyrone Power, Clarence Arper, Wilfred Pollard and others well-known in the Mission Play, will be numbered in the cast.

In addition to "Richelieu" there will be an elaborate program of singing and dancing in costume by the Mission players and others. The entire Mission Play orchestra will render the music and several of the musicians will give instrumental solos. The world-famed Mission Play quartettes—both the mixed quartette and the male quartette—will be on the program; Margaret Caraher and George Willey, soloists, will render selections. Twenty Mission Puay dancers will render the closing part of the entertainment.

SHOE STORE ROBBERS CAUGHT

On a tip from the police department of Los Angeles, Chief Lampert went to Los Angeles city jail to meet young men who claimed to be only 16, who had confessed to the robbery of Carney's Shoe Store in this city when grilled by the police. They were caught while attempting to burglarize a hardware store in Hollywood, Wednesday night. Their names as given by them are Harry Hoffee, 116 Knob Hill, Seattle, and James Milnor, also of Seattle, and they represent themselves as being but 16. The clothing they took from the Carney store they were wearing and Chief Lampert brought it all back. The $10 taken from the till they had spent. They acknowledged having broken jail a Portland, Ore., and appear to be well launched as professional burglars. Just how the case will be handled Chief Lampert does not yet know. Could it be demonstrated they were over 16 they would be tried in the superior court, but otherwise they have their hearing in the juvenile court and testimony relative to the robbery here would be taken.

BOXING REVIVAL HITS CITY OF DENVER

(By International News Service)

DENVER, Colo., March 25.—After several months of quiet, the boxing game in Denver is scheduled for an early resumption following the granting of a license by the city authorities to the National Athletic Club.

Jack Kanner, widely known promoter, will be the man behind the guns in the new organization, and he is arranging an excellent series of contests for the fans of Denver and vicinity.

Kanner's club has taken a lease on the Stockyards Stadium, an arena with a seating capacity of 15,000, and some real sport is in prospect for the followers of fistiana.

Johnny Corbett, former manager of the original "Young Corbett," champion lightweight of the world, will be associated with Kanner in the National Athletic Club.

CROPS IN WINTER OBJECT OF RESEARCH

(By International News Service)

PARIS, March 25.—To make the earth fruitful in winter is the object of researches now being pursued by M. Lumiere, who addressed the Academy of Science on the subject.

M. Lumier's theory is that the soluble elements of autumn's dying grass and leaves render the winter soil sterile until they have been oxidized by oxygen washed into the earth by rain. On this belief he is founding his researches.

WATCH FEET WHEN VIEWING PARADE

(By International News Service)

CHICAGO, March 25.—The next time you watch a parade don't let the mounted policeman's horse step on your foot. You can't recover damages for your injury.

So decided the corporation counsel's office here in the suit of Elinor Christiansen, who sued the city for injuries received during the Elks' parade. The city law department held that police and firemen cannot be held liable for accidents to spectators on the sidelines when they are performing civic duties.

COWBOY RIDES ROCKINGHORSE

Jim Taylor, of Utah, Idaho and points west, is a cattleman from the two-inch heels of his boots to the sugar loaf crown of his Stetson which rises four or five inches above his perspiring brow. When he wants to go anywhere he rides. Walking he regards as an insult to tender feet and expensive boots. Recently he sailed for England to dispose of a shipment of polo ponies.

He booked passage on one of the palatial Atlantic liners, but once on board he was thoroughly unhappy. No, he wasn't sea sick. Cow camp grub and pitching ponies had given him a stomach nothing could disturb.

"What I need is exercise," he moaned to an English acquaintance who had crossed a dozen times. The Englishman suggested there was ample room for brisk walks along the spotless decks. His suggestion was received with a look of scorn and loathing and he was given the information that what Jim meant by exercise was exercise in the saddle. Without a word the Englishman led him to the ship's gymnasium and pointed to a contrivance bearing a saddle.

"That machine," he said, "will duplicate any motion you can possibly get while riding a horse. All you have to do is to get on and press one of these buttons."

"Whoopee," yelled Jim. "Gear her high, for I sure aims to ride wide and handsome." He surged into the saddle and the Englishman fled.

A half hour later the Britisher again found Jim leaning disconsolately on the rail.

"Did you have a good ride?" he asked.

"Naw," replied the Westerner. "I rode that machine on everything from a fox trot to a gallop, but I didn't arrive nowhere."

Failure to save a regular portion of what they earned and invest it safely in sound securities has placed thousands of people on the riding machine. They get all the bumps, all the jars, all the chafing and soreness they can acquire in covering a financial life road, but they never arrive anywhere. If you are working for exercise, you can afford to spend all you make. If you are working to arrive somewhere, put a certain part of your pay every week in government savings stamps and treasury savings certificates, on sale at all postoffices and most banks.

AIM IS TO EDUCATE

University of Pennsylvania boys have taken the lead in a movement which economists agree is one of prime importance for the financial and mental welfare of America. They are aiding to educate both foreign and native born residents of Philadelphia in sound principles of personal finance, thrift and safe and profitable investment.

These workers have realized that instruction in these subjects without concrete practice and example is often without effect and many of them are making regular canvassing trips throughout the more densely populated districts of the city, inducing the purchase of Government Savings Securities, such as Savings Stamps and Savings Certificates. Regular trips are made to encourage the regular laying aside of a certain portion of each week's earnings and the canvasser travels from door to door, overlooking no opportunity.

The results of this work have been most helpful and satisfactory and have been reflected strongly in the attitude of those addressed, both in the purchase of securities and the piling up of saving funds.

In connection with this work, Charles O. Wright, General Secretary of the Young Men's Christian Association of the University of Pennsylvania, writes to William Mather Lewis, Director of the Savings Division of the Treasury:

> I should like to tell you in just a word, something of the work that the Christian Association of the University of Pennsylvania is doing in the sale of Thrift Stamps and Treasury Savings Stamps.
>
> We have a number of students who volunteer for work in our University Settlement House, which is conducted by the Christian Association. A number of these men go throughout the more thickly populated districts of the city from door to door selling the stamps. This item of our work has assumed large proportions and a number of people have found themselves with savings on their hands and a habit of saving in their lives in this time of peculiar industrial stress.

NEGRO HANGED TO A TELEPHONE POLE

(By International News Service)

MONTICELLO, Ark., March 25.—This place was quiet this morning following exciting scenes last night when a mob of approximately 1000 persons stormed the county jail and lynched Phil Slater, 50-year-old negro, who had confessed to assaulting a white woman near Wilmer, Ark., last week. The negro was hanged to a telephone pole in the public square

When he confessed, Slater is alleged to have pleaded, "I did it, but please give me a trial."

He was the second negro to be lynched in Arkansas within a week for assaults on white women.

NEAR DEATH AT COUNTY HOSPITAL

(By International News Service)

CHICAGO, March 25.—Walter Lemski is near death at the county hospital today after being hurled from a speeding automobile on Michigan Boulevard. Passersby who picked him up found he had been shot through the lung. Asked who had shot him Lemski said: "Some Italians," but refused any further information. Police believe that Lemski was wounded in a quarrel between bootleggers.

WOMAN JUROR FINED; IGNORED SUMMONS

(By International News Service)

LONDON, March 25.—Because she "was not in agreement with the change in the law," giving equal rights to women, was the reason why Mrs. Elizabeth Martin did not respond to a summons for jury duty.

This, at any rate, was her explanation to the judge, who, however, said that women have demanded and obtained equal rights with men and must also fulfill men's obligations.

She was therefore fined $25 and warned that if called upon again she would have to serve—or submit to another penalty.

YEAR'S INCOME FROM EXCESS PROFIT TAXES

WASHINGTON, March 25.—The government's total revenue from income and excess profits taxes for the fiscal year ending June 30, next, will be approximately $3,050,000,000, according to estimates based on the returns for the first quarter of the year, it was announced today by Secretary of the Treasury Mellon. This amount is considerably in excess of what the treasury experts had anticipated from these sources.

CHAPTER L HAS MUSICAL PROGRAM

A great treat was provided for members of Chapter L of the P. E. O., at the meeting held Wednesday at the home of Mrs. David Gregg on Central avenue. The business meeting was followed by a program of Easter music arranged by Miss Isabel Isgrig, which included several ambitious numbers. It opened with "Hosanna" (Granier), an arrangement for six voices and sung by Miss Margaret Lusby, Mrs. Seymour Smith, Mrs. F. H. Weller, Miss Ruth Byram, Miss Isgrig and Mrs. Nell Maxwell. It was followed by:

Solo, "Light," (John Prindle Scott)—Miss Isrig.

Duet, "The Conqueror" (John Whitney)—Miss Isrig and Miss Dorothy Peart.

Solo, "Christ Is Risen" (Huhn)—Miss Dorothy Peart.

"The Resurrection" (Shelley)—the six singers first mentioned.

Cantata, "The Risen King" (Schnecker)—Misses Isrig, Lusby, Byram and Mesdames Weller, Maxwell and Smith.

Mrs. W. H. Randall was the accompanist throughout the program.

Each member was permitted to invite a guest and the affair was one of magnitude which reflected great honor on the talented members of the chapter.

Huge bowls of white iris and yellow jonquils served to decorate the living-room and refreshment tables, where ice cream centered with a yellow star and small cakes similarly decorated with frosting were served. Assisting hostesses were Mrs. Smith Huntley, Mrs. Elizabeth Read and Mrs. Russell.

MUCH RESPECT FOR COPPER'S 'BILLY'

(By International News Service)

PARIS, March 25.—Demand that the French police study and apply American methods of handling gunmen is coming from all sides since the recent killing of three Paris policemen by a notorious Apache, who was himself killed the following day.

Maurice Dekobra, well known French writer, who recently returned from an extensive tour of the United States, has issued an open letter inquiring why the Paris police do not use the same harsh methods employed in repressing gangsters in New York and Chicago. He uses sarcastic criticism in describing the "polite" manner in which Paris "agents" deal with known desperadoes.

"In the United States it is well understood that the life of a policeman is worth more than that of a "criminal," writes Dekobra. "That seems a daring theory to us.

"Suppose that a desperado is being tracked by the New York police and detectives find him in one of his haunts. Do you think that they walk up to him, tap him on the shoulder and say, 'Would you be good enough to accompany us to prison?' Not at all. They close in brusquely, shout 'Hands up!' and if their man doesn't obey instantly they send several bullets into his legs, or higher if necessary. Bacquet (the Apache) would have had no chance in New York.

That American "Persuader"

"There is no joking with the police in the United States. In the first place, instead of arming them with the ridiculous weapon we give our men, the police officials serve out wooden clubs, excellent weapons for bringing offenders to their senses. One night I saw a single policeman in New York leading a dangerous man to the station. It would have required three Paris policemen for the same work. When this criminal attempted some sharp work with a knife the policeman simply knocked him down with his club, blew his whistle and had help in an instant. It was all done neatly and rapidly.

"I remember an experience I had in Indianapolis. I had killed no one; neither was I drunk. My only crime was to cut across a street intersection on the bias, instead of taking it at right angles, according to Indianapolis police regulations. I had just reached the center of the street when a whistle blew, I was seized roughly by the shoulders, turned about and forced to do the march over and in the right way. This policeman carried a club and I know now that the fear of being clubbed is the beginning of all wisdom."

NORTHLAND PLAY AT PALACE GRAND

Few screen productions have offered photoplay lovers the remarkable Northland scenes which are the settings for the story related in James Oliver Curwood's "Isobel," or "The Trail's End," which is presented at the Palace Grand Theater

This production, adapted from Curwood's greatest novel, "Isobel," and starring House Peters and Jane Novak, has been heralded in all sections of the country as one of the most compelling love stories ever related on the screen.

House Peters has never had a role in which he appeared to better advantage. Jane Novak, in the sympathetic role of the wife who is loved by two men, and who loves both, has the most successful role of her career. This story is the most interesting offering of the year. It was produced under the personal direction of Edwin Carewe.

TROPICO POTTERIES INCREASE PRODUCTION

The Tropico Potteries now have some 150 employes and are sending out 20 cars every week of finished products.

Some of the tiling made for interior decoration is very beautiful. The concern also manufactures sewer pipe.

A consignment of sewer pipe to Huntington Beach of 20,000 feet has been sent out this week. Altogether an average of about 1100 tons a month is the output of the potteries.

WOMAN JOSHES AUTO BANDITS

CHICAGO, March 25.—It pays to josh hold-up men, according to Mrs. Emma Lunde, wealthy north side resident. Mrs. Lunde ought to know, for her line of chatter saved a $2000 fur coat during a recent hold-up by three auto bandits. The bandit car drew up to Mrs. Lunde's machine just as she and her mother reached home from the theater. One of the men covered the chauffeur, another took the arm of Mrs. Emma Lunde and the third pressed a gun against Mrs. Suzanne Lunde.

Keeps Her Nerve

"Take that thing away," said Mrs. Lunde.

"Don't make a bit of noise—that ring of yours—take it off quick," ordered one of the bandits.

"All right—here's my pocketbook, too."

While Mrs. Lunde was removing the ring the robber examined the pocketbook and took $3.

"Boys, that's some ring," said Mrs. Lunde. "It's worth $5000."

"Atta boy!" said the bandit. "Now peel off that coat."

Joshes Him Out of It

"Why, you wouldn't take that," she smilingly pleaded. "I'd freeze to death this summer. Boys, it's the only coat I have."

"All right—and you needn't mind the wedding ring. Come on, pardner."

The third man, who had taken $5 from the chauffeur, jumped into the driver's seat and the three disappeared.

LAYS GOLDEN EGGS FOR ALLIED NATIONS

(By International News Service)

VIENNA, March 25.—"What is the Austrians' attitude toward us: how do they feel about America?" This question falls from the lips of every American entering Vienna when he meets members of the American mission and American Red Cross workers.

A truthful answer is seldom received, for the Viennese finds soft flattery to be his second nature: just as the Berliner tactlessly answers with unnecessary blunt rudeness. A Berliner answered: "America is a nice goose which lays golden eggs; the golden eggs are nice: but unfortunately for us she is neither an eagle nor an owl, but only a goose in the international political world."

The Vienese will tell you how much he appreeciates the Red Cross relief work. He will express the hope America will cooperate with England and France in the promised international loan. For the last year, Vienna, like the mythical Tantalus, has had an interallied loan to feed her starving babies, dangling just out of her reach. Not a week has passed but what the Vienna papers have carried dispatches from London or from Paris, stating that England and France were attempting to arrange an interallied loan; all that was needed was America's participation.

England and France never explained exactly why it is impossible to have an interallied loan without the participation of the United States. America didn't wait for the moral or material support of any other nations before she started her relief work for the children of Austria. It rather looked, say the residents of Vienna, as if the allies were to furnish the idea and America the money in the interallied loan: the credit and thankfulness for the humanitarian work to be equally divided.

"If America would come out flatly and say she will contribute one-third of any loan England and France wish to make, it would stop a lot of articles in the Austrian papers which ultimately have the effect of anti-American propaganda," said a United States consular officer in discussing the subject with the International News Service correspondent.

The Vienna Freie Presse is typical of the attitude of Austria toward the United States. "England has asked Washington to cancel her debt," says the Freie Presse. "England owes the United States four and a quarter billion dollars. Before the war England was the greatest creditor nation, but now the land is deeply in debt to the United States. Although this powerful world empire is at the crest of its might, and its ability to pay is unquestionable, it feels it necessary to take this step to make its debts more bearable.

"France owes America almost three billions of dollars; Italy more than one and one-half billions, and even Belgium more than three hundred millions. These amounts together, almost ten billions of dollars are firm fetters binding the Entente to America and making them daily and hourly dependent upon America's patience.

"It's a peculiar contradiction that this financial dependence so far has had so little political effect. It has been again and again noticeable since the end of the war that the Entente powers have shown but little regard and but little consideration for the wishes and needs of the United States.

"Although Washington has declared the proposal unacceptable, England feels it necessary to renew the attempt to secure a cancellation of her debt. France is following a similar plan in attempting to make some arrangements for the settlement of her interest due America. Nevertheless, no one in London or Paris is asking the political intentions of the principals and ideas of the United States, on the contrary, an especially clumsy example of the contradiction between the allies' financial and political attitude toward America is the slight respect shown the new President.

"Although everyone in Paris and London knew that a new government would take office in America on March 4 no one in Paris considered it necessary to wait for this government and give it the opportunity to cooperate in these most important decisions. It almost looked like the European Entente wanted to divide their profits and get them safely locked up while America still had her hands tied.

"No one can contend that America's attitude toward European questions is unknown. The American representative at Brussels solemnly announced that Europe could only be restored when treated as a whole. The American policy that industrial peace must be restored most certainly is not actuated by motives of friendship for Germany. But for her own interests America can not permit a continuation of war policies to destroy Europe but requires the restoration of orderly commerce.

CHICKEN COOP SERVES AS A DOVECOTE

(By International News Service)

DENVER, Col., March 24.—"Love in a chicken coop," substituted for the better known Cupid brand of "Love in a cottage," proved disastrous here for William Bohl and his schoolgirl sweetheart, Helen Kennedy. Both are 16.

The couple eloped from their Denver homes without saying a word to their parents. Police, after a night-long search, found them cooking breakfast over a campfire in the chicken yard. Helen had fixed pretty curtains for the chicken house windows, while William had built necessary furniture from cast-off lumber.

The youngsters had ignored the mere process of getting married or of figuring out an income for the future.

"We love each other," said William, as police parted them. "We would have gotten along somehow. When you are in love you don't need money necessarily to get along."

This from the deep wisdom of his 16 years.

FORMER MARSHALL COUNTIANS TO PICNIC

An invitation to be present is extended to all those now living in California who have ever lived in Le Grand. They are requested to bring baskets and drinking cups for a 1 o'clock dinner; coffee is to be provided on the grounds.

Judge John A. Plummer of Stockton and Hon. Ross L. Hammond of Riverside will make addresses. J. C. Hisey of Kansas City will be master of ceremonies.

The entertainment committee is Maggie Hammond Salisbury, Ed Emery, Dr. Charles Reiterman, W. W. Benedict and Nellie Willetts Keene.

REUNION TODAY OF OLD FRIENDS

A group of old friends who for eight years played bridge together and who disbanded at the opening of the war when urgent duties called them to service, are having a reunion at the home of Mrs. Charles M. Turck on South Glendale avenue this afternoon. The ladies who have places at the two tables are: Mrs. Charles Parker, Mrs. William Harvey, Mrs. Herbert Smith, Mrs. A. L. Bancroft, Mrs. Omar Richardson, Miss Blanche Davenport, Mrs. Burr of Flint, Mich., and the hostess. The Turck home has been decorated with peach blossoms and bridal wreath from the garden of the hostess and light refreshments will be served at the close of play.

GOOD FRIDAY AT FIRST LUTHERAN

"The Crucifixion" will be observed with appropriate and impressive ceremonies at the evening hour of worship, 7:45 o'clock. A suitable service preparatory to the celebration of the Holy Communion on Easter, will be conducted by the pastor. Dr. Funk will speak on "The Agony and the Lord's Supper." Mr. J. H. C. Niebank will sing, "Watch Thee and Pray Thee," by Wakefield Smith. The public is invited to attend.

TROPICO BALL TEAM TO PLAY CATALINA

Glendale fans are looking forward to the big game scheduled to be played at Catalina, Sunday, between Tropico baseball team and Catalina. Manager H. E. Crane spent Wednesday afternoon in Los Angeles completing arrangements for the event.

NEW RESIDENTS IN PROSPECT

A very beautiful lot on California just off Central has been purchased by Mr. Marshman from Chicago, who has been the guest of relatives, Mr. and Mrs. Albert, living on Oak street. Mr. Marshman is planning to improve it for a home. The Alberts have bought a lot on Lexington between Columbus and Central, where they will build. Mr. Albert is connected with the Pacific Mutual Insurance Company.

E. Holmes, who recently bought a lot on Hawthorne, below Columbus street, through the Glendale Realty Company, has already begun building upon it. He is from North Dakota, but came to Glendale after a sojourn in Whittier.

The Glendale Realty Company is also credited with the sale to W. M. Brown of the brick building at 214-216 East Broadway, owned by Mrs. Hermina Gansert. The Cooper Tire Company and the Rollin' Pin Bakery who occupy it as tenants will not be disturbed.

She has just purchased the Hotel Metropole, at Hyeres, on the Riviera, and intends to convert it into a model establishment. Every chambermaid will be arrayed in a special uniform designed by Mme. Paquin.

STUDENTS WOO TERPSICHORE

(By International News Service)

TELLURIDE, Colo., March 25.—A "strike" of students in the local high school resulted when one of the boy pupils was suspended because of his connection with a dancing party.

Every boy in the school "went out" first, and they were soon joined by several girl students. A complete cessation of scholastic activities was threatened for several days.

The trouble arose over a dancing party which was given by some of the high school boys in honor of the members of a visiting high school debating team composed of three young girls.

According to school rules, no social affairs on school nights shall last later than 10:30 o'clock. The dancing party was not given in the gymnasium where such affairs are usually staged, but was held in an outside dancing pavilion. This breach was deplored by school authorities, but the real bone of contention was the allegation of Superintendent G. H. Bonner that after the party, which was properly chaperoned by members of the faculty, had broken up at 10:30 p. m., many of the students of the school returned to the pavilion and continued to woo terpsichore until the wee sma' hours of the following morning.

As a result the student who acted as chairman of the entertainment committee was asked for an explanation of the affair and, fellow students declare, he was threatened with expulsion.

The student body of boys called upon the superintendent, demanding the youth's immediate reinstatement, but this was refused, and the "walkout" started.

AN UNUSUAL CASE OF SLEEPING SICKNESS

(By International News Service)

BOSTON, March 25.—One of the most extraordinary cases of sleeping sickness to come to the attention of the state department of health is that of Arthur A. Clark, 13-year-old son of Mr. and Mrs. David H. Clark of Wakefield. For several weeks the boy has been suffering from the strange malady.

The first three days of his sickness he had a mania for clipping pictures out of newspapers and magazines. He kept that up for 72 hours and then succumbed to sleep.

The youngster manages to keep his eyes open and knows in a vague way what he is doing for about half an hour in the morning and the same length of time in the afternoon. At these times he is fed light food. Then he goes back to sleep.

LABORATORY SAID TO BE SHY OF ALCOHOL

(By International News Service)

CHICAGO, March 25.—Did or did not the barrel of alcohol disappear from the chemistry laboratory of the University of Chicago? Professor Julius Stieglitz says no, positively no, And he surely ought to know. But—

Nevertheless and notwithstanding, students in the chemistry course are going around with sly winks and clever cackles, and every once in a while one hears anew the story of how a barrel of alcohol disappeared mysteriously from the chemistry laboratory.

Just how the disappearance was engineered—or was supposed to have been engineered—is not revealed. Perhaps male members of the chemistry classes are thinking of the days when yet another barrel will be stored there.

URGE MORE RESPECT FOR AMERICAN FLAG

(By International News Service)

BOSTON, March 25.—Disrespect of the American flag will be prosecuted to the fullest extent of the law by members of the Daughters of the American Revolution, it was announced during the state conference of that organization. A resolution was adopted urging congress to pass a law prohibiting the draping of flags for decorative purposes when bunting should be used.

Members pledged themselves to report to the state committee any acts of irreverence to the flag that might come under their notice.

BERT NIXON KILLED IN AUTO ACCIDENT

SAN FRANCISCO, March 25.—Word was received here today of the death of Bert Nixon, wealthy clubman and son of former Senator Nixon of Nevada, in an automobile accident late last night at Salinas in which the car he was driving ran into a sewer trench and overturned. Nixon's skull was crushed and his neck broken. He had come from his seaside home at Carmel and was believed to have been en route to his Napa county farm. His mother is the Countess d'Aleria of Los Angeles.

PRODUCE GAME FOR HUNTERS OF OHIO

(By International News Service)

COLUMBUS, Ohio, March 25.—According to A. C. Baxter, chief of the bureau of fish and game of Ohio, the work of the game protectors this year is going to be productive. It will be a part of their work to produce game for Ohio sportsmen and farmers, as well as to arrest those who violate the game laws. Game protectors will be schooled in game breeding and will have personal charge of hatching and rearing pheasants, wild turkeys and other game in their various counties this year. Game reared by the protectors as well as the game birds and animals reared on the game farm at Wellington, will be distributed on game refuge or sanctuary territory. The state is now dotted with sanctuaries, and before the next hunting season it is planned to have the sanctuaries in every county as well as in the Lake Erie marshes and on wild lands in southern Ohio.

A bill to be introduced by Senator J. F. Atwood will provide for public hunting grounds on wild lands, to be leased or purchased with hunters' license money. This will take much of the trespassing from farm lands and will give Ohio sportmen a place of their own on which to camp and hunt. Some of this land can be leased for ten cents an acre and some can be purchased very cheaply. Lake Erie marsh territory will also be acquired wherever possible for the benefit of the sportsmen of the state.

STARTLING MODELS IN FRENCH DRESSES

(By International News Service)

PARIS, March 25.—Startling are the new spring models of dresses and costumes for women, seen in Paris dressmaking establishments. Envious of the success achieved by stage costumers in showing dresses made up of two distinct colors, leading dressmakers are bringing out dresses one-half of which will be in one color, for example red, and the other half of another color, green. Some dresses will be divided in quarters and each quarter will be a different color. Some striking combinations of colors have been shown and costumers anticipate a big success.

Infants are prone to grab at everything in sight, and this would seem to prove that children are born with some of the qualities of statesmanship.

WANTS BALM FOR BROKEN PROMISE

(By International News Service)

NEW BEDFORD, Mass., March 25.—The reticently reserved demeanor of aggressively staid Fairhaven was given a severe shock by the declaration of Miss Grace E. Eldred of her intention of suing her former sweetheart, George F. Braley, for $30,000 compensation for his alleged failure to provide for her in the manner he is said to have promised when she consented to release him from the obligation of a proposal of marriage which she contends he made to her in 1911.

Mr. Braley, a wealthy dairyman, says he is convinced that her suit is merely part of a scheme to blackmail him.

Six years ago he married Miss Ethelinda Grant and is living with his wife next door to Miss Eldred.

The young woman filed her declaration in superior court here.

Miss Eldred worked for Mr. Braley as bookkeeper and typist, and after leaving his employ is said to have received weekly contributions from him.

Several days ago she attached his realty holdings in Fairhaven in the sum of $50,000.

YOUTH ASKS COURT FOR TWO-YEAR TERM

(By International News Service)

KANSAS CITY, Mo., March 25.—Youth is easily accommodated in juvenile court here.

"Judge, I want you to sentence me to some place," was the startling request made of Juvenile Judge Porterfield by 15-year-old Daniel Closser, an orphan.

"I'm a tough guy and I'm just onery, I stay out at the Boys' hotel and I'm a bad influence on the kids there."

"How would McClune farm suit you?" asked the court. The farm is a home for delinquent boys. "The superintendent is standing back there."

Dannie took a look at the "super." "He looks like a good guy to me," said the youthful "bad man."

"All right," replied Judge Porterfield. "I'll give you three years."

"That's too long," objected Dannie.

"All right, then; two years."

"You're on," said Dannie. "So long."

That hold-up man who robbed Al Jennings has no sense of ethics. We expect any day to hear that he has frisked a coal dealer.

VAMPIRE KISSES THE WRONG MAN

(By International News Service)

CHICAGO, March 25.—"All men are boobs," was Cleopatra Hurtman's philosophy. But Cleopatra has changed her mind as she sits in her detention home cell awaiting a stay of ten years to life in prison.

It was the boob who refused to stay a boob that put Cleopatra there. Like a number of other good men and true Richard Jacker became a victim of Cleopatra's coy ways and was lured to the door of her West Side apartment. There as paradise was about to descend to earth in one of Cleopatra's kisses, Jacker, like several others, received a knockout blow from a blackjack. When he regained his equilibrium, eight dollars and his watch were gone. Also his confidence in Cleopatra.

For a week Jacker patrolled the downtown corner where he had met the pretty "lure." Finally, one night he saw her. Then came the police and trial for Cleopatra. A number of other "boobs" also testified against her.

JUNGLE EXERCISES FOR LONDON CHILDREN

(By International News Service)

LONDON, March 25.—"Kangaroo hopping," "crab-walking," "cat walking," "turkey trotting" and "snail crawling" are movements to be taught in elementary schools by the London county council, in order to produce a nation of straight-backed, supple-limbed boys and girls.

Animal gestures of the most awkward kinds are now being studied by the teachers so that jungle gymnastics may be correctly performed.

The gyrations of catherine wheels are somehow to be emulated in one exercise, while the gracefulness of an airplane in flight forms the subject of another.

TORNADO MOVES A DANCE HALL

DORSEY, Neb., March 25.—A dance hall, crowded with people, was lifted bodily from its foundation and deposited six feet distant by a tornado here. Refreshments were being served when the storm struck. The occupants of the hall were thrown to the floor. Wildest scenes of terror and confusion mingled with the screaming and fainting of women and the cursing of men prevailed. No one was seriously injured.

REPORTS MADE BY CITY MANAGER

Bids for Automobile

In regard to bids to furnish the City of Glendale two passenger four-cylinder automobile referred to us at the last meeting, we respectfully recommend that the bid of Jesse E. Smith to furnish the City of Glendale one new model "T" Ford Roadster equipped with electric lighting and starting system for the sum of $603.25 be accepted.

In regard to bid to furnish motorcycle for police department, we respectfully recommmend that the bid of the Pacific Motor Supply Company of Los Angeles to furnish one Indian motorcycle with special equipment for traffic service for the sum of $692.30, terms cash in 30 days, be accepted.

Discontinue Wooden Structures

In regard to the matter of temporary wooden structures being used in streets as approaches to driveways, which was referred to us for investigation at your last meeting, beg to report that upon investigation we find that a number of such approaches are being used throughout the city. We find no ordinance specifically prohibiting the use of these approaches, but we believe the public interest would be served by ordering the discontinuance of the use thereof and prohibiting such use by ordinance if such action is necessary.

Contract for Garbage Collection

L. C. Orndorff, who is collecting garbage for the City of Glendale under contract for which he received $200 a month, has addressed a letter to us, of this date, stating that owing to the large number of new residences that have been established in the city since the time this contract was entered into that it is impossible for him to cover the ground with the equipment he has. He is now operating one truck and from observation we realize that another truck should be put on at once to adequately take care of this service. Mr. Orndorff is willing to procure the necessary equipment to render the service desired, but feels that the $200 a month that he is receiving would not adequately compensate him therefor.

Mr. Orndorff suggests that the present contract be cancelled and he be allowed to enter a bid on a tonnage basis or on a basis of service rendered or for the purchase of the garbage which would be gathered by the city. Mr. Orndorff's contract will run until February, 1922, and he has executed a bond with the city in the sum of $1000 for the faithful performance of the same. We believe, however, that the best interest of the city would be served by the cancellation of this contract and bond and the entering into a new contract based on bids to be received at the earliest practicable date.

We therefore respectfully recommend that the contract under which Mr. L. C. Orndorff is collecting garbage for the city and the bond furnished in connection therewith be cancelled and that the city clerk be instructed to advertise that bids will be received by your board up to 8 o'clock p. m., March 31, 1921, for the collecting of garbage and waste matter in the City of Glendale, as follows:

First. On the basis that the city gather the garbage and deliver it to a location to be stated in the bid, parties receiving same to pay the city a stipulated amount per ton therefor.

Second. To gather all garbage and table waste within the City of Glendale twice each week from the residence sections and daily in the business districts, consideration to be a monthly payment.

Third. Same as number 2, including the gathering of tin cans, glass, ashes and other non-combustible waste matter.

MONTE VISTA PLANS IMPROVEMENTS

Street and road improvement, the building of the bridge where the state highway crosses the Tujunga, lights for the Monte Vista park, direct mail service for the Sunland postoffice, the necessity for increased school facilities, the question of consolidating the Sunland and Tujunga school districts, control of flood waters from Haines canyon and plans for an extended membership campaign all came up for discussion at the meeting of the Monte Vista Chamber of Commerce last Monday night.

The war tax brings us back to earth and teaches us to appreciate common cents.
